

## **Heroes Park Snack Bar and Restroom** *(Currently Under Design)*

What's a baseball game without a hot dog? Soon you'll have a chance to have both at Heroes Park. A Snack Bar and a new restroom facility are planned for this facility.

On April 7, 2009, the Orange County Flood Control District issued the City a permit to construct a new restroom and snack bar building at Heroes Park. Construction documents are currently 50% complete. The architect is conducting geotechnical studies and will submit the final plans and specifications to the City Council for approval to solicit bids. Staff anticipates construction to begin in Winter/Spring 2010.
